PROFESSIONAL EXPERIENCE

****CYBERAX LLC****

Full Stack Web Developer | Mar 2023 - Aug 2023

- Created a dynamic showcase website for CYBERAX LLC using React JS, implementing dynamic features to showcase services and portfolio.
- Developed intuitive navigation and engaging user experience to enhance client engagement.
- Built a system to streamline CV submissions, allowing only qualified candidates to apply and upload CVs.
- Translated client requirements into technical specifications, ensuring project alignment.

PROJECTS

****RECYCLINI****

Product Owner & Full Stack Developer | Feb 2024 - Mar 2024

- Designed the database schema with Sequelize, ensuring accurate table relationships for enhanced application management.
- Architected the front end using React Native for home and blog screens, delivering a responsive UI with CSS and Tailwind.
- Developed an admin dashboard using a MUI template for user management, eco tips, and blogs.
- Integrated a RESTful back-end with Express and Node.js, resolving coding challenges for seamless front-back communication.

****EXCLUSIVE****

Scrum Master & Full Stack Developer | Feb 2024

- Built a full web interface for sellers in an E-Commerce project using React, Tailwind CSS, and Cloudinary.
- Implemented a complex RESTful API in the back-end for robust functionality.
- Created an admin dashboard from scratch with React, Tailwind, and RESTful APIs for efficient management.
- Managed GitHub workflows, resolved merge conflicts, and led sprints to ensure team deadlines were met.
